

## Gascoyne River flow advice no. 22 2009

Issued by the Department of Water

2:00 pm Monday 29 June

Rainfall over the past week has resulted in a minor flow being registered at the Department of Water gauging station Jimba Jimba at 6:00 am this morning.

Currently the flow is still less than 0.1 metres. At this stage the flow is not expected to reach Nine Mile Bridge.

Gauging Station water levels at 13:30 am today were:

Yinnetharra	0.0 m and steady
Lyons River	0.0 m and steady
Jimba Jimba	0.1 m and rising
Fishy Pool	0.0 m and falling
Nine Mile Bridge	0.0 m and steady

The Department of Water will continue to monitor the catchment and river levels and an update will be issued at 10 am Tuesday 30<sup>th</sup> June.

This advice can be heard by calling **1800 674 897**. River level data can also be accessed online at the Department of Water's [website](#).
